PURPOSE

Being part of our Service entails a position of trust and responsibility. We aim to ensure that our OSHC

Service, children, educators and/or families are not compromised in any form on Facebook or any other social media platform and that all social media usage complies with our Service’s philosophy, relevant policies, and the code of conduct.

SCOPE

This policy applies to children, families, staff, management and visitors of the OSHC Service.

IMPLEMENTATION

Social media is defined as “forms of electronic communication (such as websites for social networking and microblogging) through which users create online communities to share information, ideas, personal messages, and other content (such as videos)” (Merriam-Webster dictionary).

We recognise that there are many advantages in using social media to network within Service operations. It is important to approach usage with caution, through careful and systematic management. Whilst healthy debate may provide thought-provoking discussion, there are guidelines in place to ensure that our Service remains open and welcoming for children, families, and staff.

The National Principles for Child Safe Organisations recognise the importance of safe physical and online environments to promote safety and wellbeing of all children. Our Service has the responsibility to ensure children and educators are protected from harm when they engage with digital technology including Social Media.

This policy applies to all forms of social media including (but not limited to):

- Social networking sites e.g. Facebook, Twitter, and LinkedIn.
- Image sharing sites e.g. Instagram, Snapchat, and Imgur.
- Music/dance videos e.g. Tik Tok
- Video hosting sites e.g. YouTube and Vimeo.
- Community blogs e.g. Tumblr and Medium.
- Discussion sites e.g. Reddit and Quora.

Service Facebook Account

Our OSHC Service has a Facebook account to converse and share information with our families and community, which is administered by the Approved Provider and Nominated Supervisor.

Only current enrolled families and staff will have access to the Service Facebook page. The page is locked as “Privacy type: Closed: Limited public content. Members can see all content.”

The intent for our Service Facebook page is to:

1. Keep families in touch with what's happening at the Service, including upcoming and special events.
2. Connect with other parents and share thoughts about programs, policies, and procedures.
3. Provide an avenue to ask parents their thoughts and provide appropriate research-based information on common child rearing issues.
4. Provide educational information to families and employees.

NOTE: The Service Facebook account must not be used for personal comments or discussions.

PRIVACY

- All staff and educators must remain aware that they represent and could be identified as an employee of the Service through any online activity.
- Staff and educators must maintain appropriate privacy of families, employees, students, children and volunteers, including when they have obtained permission to publish content to the Service Facebook account.
- Absolutely no written content will be published to Facebook without the implicit and written permission of families to whom the content relates.
- Our OSHC Service will gain implicit and written family permission prior to posting photos of children.
- Passwords will not be shared without authorisation from management.
- Our OSHC Service will remain up to date with any changes to Facebook ensuring privacy setting remain up to date.

In regard to the service Facebook page, the Approved Provider or Nominated Supervisor will:

- obtain written authorisation from a child’s parents prior to posting any comment or photos of their child to the page
- ensure personal information about families, children and staff is not posted on-line.
- ensure the highest level of privacy settings are established and maintained on the account
- ensure all passwords are kept confidential

- ensure that any staff or educator found guilty of any Facebook misconduct (on both the Service Facebook page and any private page) is aware that this may result in termination of employment.

In regard to all social media the Approved Provider, Nominated Supervisor, educators, staff members, volunteers and students will not:

- access personal Facebook accounts or any other social media accounts on any workplace device.

- vilify, harass or bully any other person who works at the Service, family or community member connected to the Service
- post offensive or derogatory comments or information that could bring their professional standing or that of the Service into disrepute
- use their personal camera or phones to take photos or video whilst at the OSHC Service.

Personal Social Media Accounts

The OSHC Service does not recommend that staff add families of the Service to personal social media accounts as they will still be seen as a representative of the Service and required to uphold the Service's Code of Conduct on all posts. It is extremely important not to post information about the Service, colleagues, children, or families on personal social media accounts, as this not only contravenes the Service policies and code of conduct but is considered a breach of the Commonwealth's *Privacy Act 1988* and *Privacy and Personal Information Protection Act 1998*.

Families are asked to respect that staff may have a personal policy on adding families to personal social media accounts due to their professional philosophy, and that the Service does not recommend staff to have families as friends on their private account.

If adding families to personal social media accounts, Educators will adhere to relevant policies, including the code of conduct of the OSHC service.

Consequences for inappropriate conduct

For inappropriate conduct to be lawful, there is a need to demonstrate a connection between the behaviour and the employment relationship that:

- is likely to cause serious damage to the relationship between the employee and the Service
- damages or harms the Service's interest or reputation
- is incompatible with the employee's duties in the education and care sector.

A person who has been involved in inappropriate conduct may require reprimand as per our *Code of Conduct Policy*. This may lead to termination of their position.

Continuous Quality Improvement

Our OSHC Service will continue to evaluate and assess our online safety practices through critical reflections, checklists, professional learning and discussions with families and staff.
