PURPOSE

Our Out of School Hours Care Service (OSHC) has a legal and ethical responsibility to provide a safe and friendly environment where all children are respected, valued and encouraged to reach their full potential. Children's safety is paramount, and we aim to take all practical steps to protect children from harm, ensuring a healthy and safe environment. Our OSHC Service provides children and staff with an environment free from the use of tobacco, alcohol and illicit drugs.

SCOPE

This policy applies to children, families, staff, management and visitors of the OSHC Service.

IMPLEMENTATION

The National Law requires management to ensure all children being educated and cared for are adequately supervised and every reasonable precaution is taken to protect children from harm and any hazard likely to cause injury. Our focus is to build a child safe environment which is reflected in our Service policies and procedures and understood and practiced by all educators and staff.

'Child safety is everyone's responsibility.' (A guide to the Child Safe Standards. p.26. 2020)

NATIONAL PRINCIPLES FOR CHILD SAFE ORGANISATIONS

Our Service is committed to being a child safe organisation and endorses the National Principles for Child Safe Organisations, placing the protection of children as a priority of our responsibilities and obligations. The Child Safe Standards recommended by the Royal Commission provide guidance for our Service to ensure our policies and procedures, strategies and attitudes, ensure children's safety is paramount.

Our Service has a zero tolerance to child abuse, and we are committed to the safety, participation and empowerment of all children. We promote diversity and tolerance and aim to form equitable and positive relationships with children. We ensure children participate in decisions affecting them and listen and respect their suggestions and ideas. We respond to any concerns, disclosures, allegations or suspicions of harm.

We are dedicated in promoting cultural safety for Aboriginal children, cultural safety for children from culturally and/or linguistically diverse backgrounds and to providing a safe environment for children with a disability.

RECRUITMENT

Our OSHC Service maintains a rigorous and consistent recruitment, screening and selection process to ensure the best staff possible based on skills, qualifications, experience and suitability for the position available. All staff participate in robust interviews and have reference checks completed to ensure the applicant's suitability to the role, previous experiences and their commitment to child safe values and practices. All staff are provided with a comprehensive induction process which outlines our Code of Conduct, identifying and responding to child abuse, grievance processes, and work health and safety.

WORKING WITH CHILDREN CHECK

Working in conjunction with the Child Protection Act and National Regulations, the safety, welfare and wellbeing of children is paramount within our Out of School Hours Service and community. A Working

with Children Check (WWCC) is a requirement for people who work in child-related work. It involves a national criminal history check and a review of findings of workplace misconduct.

Management is responsible for the periodic review and maintenance of up to date records of employees' Working with Children Check, including the Working with Children Check number and the date on which each clearance expires. Once an employee provides their WWCC clearance, management will verify the clearance to ensure that it is valid and current. The WWCC will be placed in the individual's file and continue to be updated as required.

CHILD PROTECTION- REPORTABLE CONDUCT SCHEME

Children and young people always have a right to be safe and protected. To comply with legislation and ensure a child safe environment, educators are provided with training and ongoing supervision to ensure they understand that *child safety is everyone's responsibility*.

Nominated Supervisors, Responsible persons, Coordinators, educators and other staff are mandatory reporters and must make reports if they suspect on reasonable grounds, a child is at risk of significant harm. All staff are provided with up to date training about child protection law and their obligations under this law and to ensure they are confident in following the reporting guidelines within and adhere to our *Child Protection Policy*.

Through continual education and training, educators and staff are equipped with the knowledge, skills and awareness to keep children safe. Training gives educators and staff confidence to identify, respond and report child abuse.

Coordinators or responsible persons in day-to-day charge must complete a course in child protection approved by the Regulatory Authority on an annual basis. All staff must refresh their knowledge about mandatory reporting each year.

[Primary policy – Child Protection]

Child protection- Allegations Against Employees

To protect children and ensure their safety, welfare and wellbeing, management is responsive to report allegations or convictions of child abuse and child related misconduct by any staff member or volunteer or contractor to the Office of the Children's Guardian (OCG) as part of the *Reportable Conduct Scheme*.

Our OSHC Service will ensure an appropriate level of confidentiality of information relating to the reportable allegations as per the Children’s Guardian Act 2019. We take our legislative responsibilities as part of the Reportable Conduct Scheme seriously and will respond to any reportable allegation or conviction against employees or volunteers that may arise.

PHYSICAL ENVIRONMENT- SAFETY CHECKLISTS

Children’s safety is embedded in our day-to-day practices. We ensure effective and adequate supervision is provided to children at all times. Through conducting risk assessments, we assess and manage risks in the physical environment collaborating with children to develop behaviour guidelines for play including adventurous play to ensure their safety. Educators have a sound understanding of their duty of care and responsibilities in ensuring a child safe environment.

Regular safety checks maintain basic standards of safety within our Out of School Hours Care Service venues. We believe that child safety is a shared responsibility at all levels within our OSHC Service. Children are encouraged to speak up about their safety and the safety of their friends by telling an educator if they feel unsafe in a particular situation or environment.

Educators will complete the following daily indoor and outdoor safety checklists to assist and record inspections of the physical environment where foreseeable risks may be evident and cause harm or injury to a child.

Any findings that require attention will be either dealt with immediately or submitted into the maintenance book depending on priority. The Approved Provider/ Nominated Supervisors and Principals of primary schools must be notified of any areas that need immediate attention within the Service venue.

STORAGE OF HAZARDOUS SUBSTANCES

We reduce the risk of harm to children and educators by using eco-friendly products. Our Service will endeavour to provide a safe environment where necessary chemical and hazardous equipment are safely stored away from children and handled appropriately.

EQUIPMENT, FURNITURE & MAINTENANCE RECORD

There are several factors that can contribute to a hazard, such as a deprived program, insufficient supervision and dilapidated equipment. To ensure a child safe environment free from hazards, we have implemented practices and continue to monitor Service policies and procedures that uphold Australian Safety Standards.

The venue of our Out of School Hours Care Service, and all equipment and furniture used within the service are audited to ensure all aspects are safe, clean and in good repair. We understand that hazards are specific to developmental stages of children. Educators are aware that toys and equipment need to be checked to ensure they are safe and developmentally appropriate for school aged children from Kindergarten to Year 6. Regular checks occur within the Out of School Hours service to ensure that all toys, furniture and equipment are in good condition and working order.

[Primary policy – Furniture and Equipment Safety Policy]
